# THINGS TO LOOK FORWARDS TO IN YEAR 5...

---

- Exciting new topics, including exploring the Ancient Maya, rainforests, the Tudors, rivers, National Parks and our local area.
- We are hoping that visitors to us will include the astrodome and a Tudor workshop and we are hoping to plan trips to Rochester Cathedral and Horton Kirby to do a river study.
- Lots of opportunities to further develop your learning and skills.
- You will continue to have the opportunity to learn an instrument or start to learn a new one.
- And much more!
